Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act* 2006 (*Qld*) a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the Education (General Provisions) Act 2006 (Qld), and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education.
 Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Introduction to the State School Consent Form for Talara Primary College

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Introduction to the State School Consent Form for Talara Primary College

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

Student Resource Scheme - Participation Agreement Form

The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

- Parents are directly responsible for providing textbooks and other personal resources for their children while attending school.
- The SRS enables a parent to enter into an agreement with the school to provide the resources as advised by the school for a specified annual participation fee.

- 11. Where a parent signs up to participate in the SRS they are agreeing to pay the annual participation fee for the items provided by the SRS.

- 13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
- 14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any prorata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

Non-Participation in the SRS

- 15. Parents who choose not to participate in the SRS are responsible for providing their student with all items that would otherwise be provided by the SRS to enable their student to engage with the curriculum.
- 16. The school will provide non-participating parents with a list of resources the parents are required to supply for their child.
- 17. All items included in the SRS must be able to be independently sourced, purchased and supplied by parents who choose not to participate in the SRS.
- 18. As the SRS operates for the benefit of participating parents and is funded from participation fees, SRS resources will not be issued to students whose parents choose not to participate in the SRS.

The Resources

- 19. SRS funds received by the school will only be expended on student resources outlined in the school's SRS and will not be expended on other items or used to raise funds for other purposes.
- 20. In return for payment of the participation fee, the SRS will provide the participating student with the entire package of resources for the specified participation fee. It is not available in parts unless specifically provided for by the school in the fee structure.
- 21. The resources, as determined and advised by the school may be:
 - retained by the student and used at their discretion; or
 - · used/consumed by the student in the classroom; or

- hired to the student for their personal use for a specified period of time
- 22. All SRS resources hired to a student for their temporary use remain the property of the school. The resources must be returned by the agreed date or if the student leaves the school.
- Parents are responsible for ensuring that any hired SRS resources provided for their child's temporary use are kept in good condition.
- 24. The school administration office must be notified immediately of the loss or damage to any hired item.
- 25. Where a hired item is lost, not returned, or damaged, parents will be responsible for payment to the school of the value of the item or its repair.
- The replacement cost of any resource may be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school.
- 27. Parents may be responsible for supplying their child with other resources not specified in the SRS as advised by the school.

Payment Arrangements

- Payment of the participation fee may be made in whole, as per a nominated payment plan, or for another amount as approved by a Principal.
- Payment of the participation fee must be made as per the payment methods nominated by the school.

Dear Parents/Guardians

As you are aware, Talara Primary College is committed to the provision of a futures orientated curriculum. Student access to and use of a variety of computer hardware, software and information sources, including internet and email, represents a significant element of our curriculum. Opportunities exist to further the education goals of the school by networking with others and accessing unique information and resources through these technological mediums.

However, student access to and use of computers needs to be carefully managed in a number of ways. One such way is to provide clear guidelines to students on the correct use of computers, software and information sources. Central to these guidelines is agreement from the students and their parents/guardian, that these guidelines will be met at all times. Parent/carer permission for students to use email and internet is required.

Talara Primary College has an Acceptable Use Agreement for Technology. The essence of the section of the policy which applies to students is captured by the following information and declarations. We ask that you read through this information carefully with your child and discuss the implications of the issues addressed.

Kind Regards, Lisa Cutter Acting Principal

ICT Acceptable Use Agreement

Information and communication technology (ICT), including access to and use of the internet and email, are essential tools for schools in the provision of innovative educational programs. At Talara Primary College we are constantly exploring new and innovative ways to incorporate safe and secure ICT use into the educational program. School students, only with the approval of the principal, may be permitted limited connection of personally-owned mobile devices to the department's network, where this benefits the student's educational program.

Responsibilities for using the school's ICT facilities and devices

- Students are expected to demonstrate safe, lawful and ethical behaviour when using the school's ICT network as outlined in the Talara Primary College Responsible Behaviour Plan.
- The school will educate students regarding cyber bullying, safe internet and email practices, and health and safety regarding the physical use of ICT devices. Students have a responsibility to behave in line with these safe practices.
- Use of the school's ICT network is secured with a user name and password. The password must be difficult enough so as not to be guessed by other users and is to be kept private by the student and not divulged to other individuals (e.g. a student should not share their username and password with fellow students).
- Students cannot use another student or staff member's username or password to access the school
 network. This includes not browsing or accessing another person's files, home drive, email or accessing
 unauthorised network drives or systems. Additionally, students should not divulge personal information
 (e.g. name, parent's name, address, phone numbers), via the internet or email, to unknown entities or
 for reasons other than to fulfil the educational program requirements of the school.
- Students need to understand that copying of software, information, graphics or other data files may violate copyright laws without warning and be subject to prosecution from agencies to enforce such copyrights.

Publishing on the Internet

As part of the learning experience, students may be required to produce material which will become part of an internet site. Students are permitted to either access or publish on the internet only after their parents have signed the attached declaration.

Responsibility for the spelling, presentation, accuracy and content of all web page items rests with the student in the first instance and the teacher in the second. Web pages will be uploaded to the World Wide Web by a member of Talara's staff only, not by students.

Acceptable use by a student

It is acceptable for students while at school to:

- use ICT devices for
 - ✓ assigned class work and assignments set by teachers
 - √ developing appropriate literacy, communication and information skills
 - ✓ authoring text, artwork, audio and visual material for publication on the intranet or internet for educational purposes as supervised and approved by the school
 - ✓ conducting general research for school activities and projects
 - √ communicating or collaborating with other students, teachers, parents or experts in relation to school work
 - √ accessing online references such as dictionaries, encyclopaedias, etc.
 - ✓ researching and learning through the department's eLearning environment
- be courteous, considerate and respectful of others when using an ICT device
- switch off and place out of sight the mobile device during classes, where these devices are not being used.
- not knowingly download viruses or any other programs capable of breaching the department's networks security;
- use camera, video or audio functions only with the explicit direction from your teacher;
- consequences will occur if someone's privacy is invaded by recording and/or distribution of personal material

School students, only with the approval of the principal, may be permitted limited connection of personally-owned mobile devices to the department's network, where this benefits the student's educational program. (ie: Year 6 BYOx Program)

Responsibilities for using a personal device

- Prior to any personally-owned mobile device being used, approval must be sought from the school to ensure it reflects the department's security requirements.
- Students are responsible for the security, integrity, insurance and maintenance of their personal mobile devices and their private network accounts.
- All files are to be scanned using appropriate virus software before being downloaded to the department's ICT network.
- Any inappropriate material or unlicensed software must be removed from personal mobile devices before bringing the devices to school and such material is not to be shared with other students.
- Unacceptable use will lead to the mobile device being confiscated by school employees, with its
 collection/return to occur at the end of the school day where the mobile device is not required for further
 investigation.
- Use personal mobile device for private use before or after school
- Seek teacher's approval where they wish to use a mobile device under special circumstances.

Students are not to take or use devices during assessment or exams unless permitted by their teacher.

Student:

I understand that the school's information and communication technology (ICT) facilities and devices provide me with access to a range of essential learning tools, including access to the internet.

While I have access to the school's ICT facilities and devices:

- ✓ I will use it only for educational purposes;
- ✓ I will not reveal my password or allow anyone else to use my school account.
- ✓ I will not reveal names, home addresses or phone numbers mine or that of any other person
- ✓ I will not use computers and associated hardware unless a teacher is present in the room
- ✓ I will not alter the configuration of the computers
- ✓ I will not download any file (including computer programs, video & audio files) without teacher permission

I understand that my online behaviours are capable of impacting on the good order and management of the school whether I am using the school's ICT facilities and devices inside or outside of school hours.

I understand that if the school decides I have broken the rules for using its ICT facilities and devices, appropriate action may be taken as per the Talara Primary College Responsible Behaviour Plan, which may include loss of access to the network for a period of time.

Parent or Guardian:

I understand that the school provides my child with access to the school's information and communication technology (ICT) facilities and devices for valuable learning experiences.

I will ensure that my child understands and adheres to the school's appropriate behaviour requirements and will not engage in inappropriate use of the school's ICT facilities and devices. Furthermore I will advise the school if any inappropriate material is received by my student/child that may have come from the school or from other parties.

I understand that the school does not accept liability for any loss or damage suffered to personal mobile devices as a result of using the department's facilities and devices. Further, no liability will be accepted by the school or other families in the event of loss, theft or damage to any device.

My student understands this responsibility, and I hereby give my permission for him/her to access and use the school's ICT facilities and devices under the school rules. I understand where inappropriate online behaviours negatively affect the good order and management of the school, the school may commence disciplinary actions in line with this user agreement or the Talara Primary College Responsible Behaviour Plan. This may include loss of access and usage of the school's ICT facilities and devices for some time.

Authorisation and Controls

The principal reserves the right to restrict student access to the school's ICT facilities if access and usage requirements are not met or are breached. However restricted access will not disrupt the provision of the student's educational program. The Department of Education, Training and Employment monitors access to and usage of their ICT network. The department may conduct security audits and scans, and restrict or deny access to the department's ICT network by any personal mobile device, if there is any suspicion that the integrity of the network might be at risk.
